FREELANCE EXPERIENCE

Web Developer   Client: **Moonglade Technology**
Project: House of Digital Growth

- Developed a responsive website using **Next.js**, **Framer Motion**, and **Tailwind CSS** for a dynamic and smooth user experience.
- Implemented backend functionality using **Node.js**, **Express.js**, and **MongoDB**, ensuring efficient data storage and retrieval.
- Integrated **Firebase authentication** and **Firestore** for secure user sign-in and real-time data management.

TECHNICAL SKILLS

Programming Languages: JavaScript, TypeScript, Python, SQL

Frontend Development: Vue.js (Vue 3, Vue Router, Pinia), React.js, Next.js, HTML, CSS, Tailwind CSS

Backend Development: Node.js (Express.js, Fastify), Firebase, REST APIs

Databases: Firebase Firestore, MongoDB, PostgreSQL

DevOps & Tools: Git, GitHub, Vercel, Netlify

PROJECTS

Expense Tracker Application (Vue 3 Project)   Click To View

- Developed a **real-time expense tracking** application using **Vue 3** and **Pinia** for efficient state management.
- Implemented **category-based filtering**, transaction history, and **interactive charts** using **Chart.js**.
- Integrated **Firebase Firestore** for **real-time data synchronization** and persistent storage.

Job Board Application (Vue 3 + Firebase/Node.js Backend)   Click To View

- Developed a **job listing platform** using **Vue 3** with **Vue Router** for seamless navigation.
- Integrated **Firebase authentication** for secure user login and role-based job posting.
- Implemented **search and filter functionalities** to enhance job discovery and user experience.
- Designed a responsive UI for an optimized experience across devices.

Your Growth - Service Provider Website (Front-end Project)   Click To View

- Built an interactive and visually appealing website using **Next.js, Tailwind CSS, and Framer Motion**.
- Integrated a **contact form with EmailJS** to enable real-time email notifications for inquiries.
- Optimized performance with **lazy loading, smooth animations, and parallax scrolling** for an engaging user experience.

EDUCATION

B.Tech, Malla Reddy University, Hyderabad, Telangana   2021 - 2025 CGPA: 7.2

ACHIEVEMENTS & CERTIFICATIONS

TGTT Hackathon (3rd Place): Secured 3rd place in the statewide TGTT Hackathon finals with an IoT-based traffic management solution. Designed to optimize traffic flow and prioritize emergency vehicle navigation using real-time data.

Cambridge English B2: Earned the Cambridge English B2 certification, demonstrating strong proficiency in professional communication, writing, and comprehension for workplace and academic settings.
